

TWO GENERATOR MAINTENANCE PLANS: ■ THE POWER PLAN ■ THE POWER PLUS PLAN

Your generator can withstand anything. Except neglect.

Did you know that the number one cause of generator failure is lack of maintenance? Your generator is exposed to all sorts of weather, and can sit idle for long periods of time. Common causes of generator failure include everything from old batteries, to debris blocking air flow, to rodents chewing electrical wire. You could find out it's not running just when you really need it. Plus, if you don't maintain your generator annually, the manufacturer could void your warranty.

Don't fail your generator. Maintain it regularly.

We offer two maintenance plans for air-cooled generators. The **Power Plan** provides a comprehensive annual tune-up, while the **Power Plus Plan** includes a twice-yearly tune-up and operational check:

Services Performed Annually (unless otherwise indicated)	Power Plan \$329	Power Plus Plan \$399
Inspection of fuel lines and connections	✓	✓ (2x yearly)
Oil replacement	✓	✓ (2x yearly)
Oil filter replacement	✓	✓ (2x yearly)
Inspection and cleaning of enclosure louvers	✓	✓ (2x yearly)
Inspection for vibration, noise, leakage	✓	✓ (2x yearly)
Inspection of battery	✓	✓ (2x yearly)
Corrosion removal, if necessary	✓	✓ (2x yearly)
Inspection and replacement of electrolyte level, if necessary	✓	✓ (2x yearly)
Inspection of electrical connections at the generator	✓	✓ (2x yearly)
Check for rodent entry	✓	✓ (2x yearly)
Check for proper voltage output	✓	✓ (2x yearly)
Manually test run the generator, no load	✓	✓ (2x yearly)
Inspection and replacement of air cleaner	✓	✓
Inspection and replacement of spark plugs	✓	✓
Inspection of transfer switch		✓
Operation test with simulated shutdown, under load		✓
Priority placement for service work		✓
20% off service repairs*		✓
Discounts on Premier Plans for Heating, AC and Plumbing		✓

*Service during normal 8:00 am-5:00 pm business hours will be billed at prevailing rates less 20%. After hours and weekend service will be billed at 1.5 times the prevailing rate, less 20%.

Liquid-cooled generators will incur an additional \$100 charge and will receive all applicable items above, plus:

- Inspection of cooling systems, hoses and belts
- Inspection of coolant level
- Inspection of distributor cap and rotor (if necessary)
- Inspection of plug coils, and plug wires (if necessary)

Get with the plan and be ready.

Peace of mind is just a phone call away. Sign up today.

Maintenance plans apply to equipment by manufacturers such as Generac, Honeywell, GE and Kohler. Contact us to determine if we service your generator.

TERMS AND CONDITIONS

You agree and authorize BantamWesson to charge your account for maintenance plan selection(s). BantamWesson reserves the right to inspect generator prior to plan coverage. Plan selection(s) cover a one-year period and will automatically renew upon its anniversary unless you notify BantamWesson in writing 30 days in advance of renewal. Please note all plans are subject to Connecticut state sales tax.

GENERAL CONDITIONS

Maintenance plan coverage is contingent on inspection of the generator by BantamWesson. Maintenance plan(s) cover a one-year period commencing on date of acceptance and will automatically renew on each anniversary date thereafter. Service performed, which is not explicitly listed on the plan, will be charged at the prevailing rate. BantamWesson reserves the right to cancel the plan upon 10 days written notice. Customer's account must be in good standing. The customer's right to maintenance expires at the end of the coverage year and no credit will be issued if the maintenance is not performed. It is the customer's responsibility to schedule maintenance. This maintenance plan is for ordinary residential systems. Maintenance allows for a 2-hour time. If additional time is used/required, labor will be at the prevailing rate. If a customer cancels prior to contract expiration no pro-rated returns will be issued on unused plans.

OTHER CONDITIONS

BantamWesson will not accept responsibility for the loss of heat in any unoccupied buildings, for delays or damages resulting from fires, accidents, power interruptions, water in basement, water in storage tank and/or lines, labor difficulties, acts of the Government, flood, war, hurricanes, earthquakes, or acts of God, or other causes beyond our control or for any loss or damage caused directly or indirectly by service performed, for any consequential or special damages of any kind whatsoever, for any reason.

EXCLUSIONS

This agreement does not cover replacement of a complete generator, electrical wiring or any parts or service not explicitly mentioned in the agreement.
