If you have the desire and inspiration to work for a growing company with advancement opportunities, training across trades, generous benefits, and attractive earnings...read on.

Protecting our employees during this time of COVID-19 is our #1 priority. BW Home Services | BantamWesson has implemented all COVID-19 recommendations from the State of Connecticut. We provide personal, protective equipment to all our technicians and provide education and guidance as recommendations change.

FLSA: Non Exempt

Hours: 40 hours, with overtime

Work Week: Monday through Saturday, schedule will adjust based on work

Reports To: Electrical Supervisor

JOB SUMMARY:

Electrical Apprentices work under the guidance of licensed E1 or E2 Electricians. This position is that of an assistant, only working alongside a licensed electrician. All Electrical Apprentices must be enrolled in the State of CT Apprenticeship program and meet all guidelines.

JOB EXPECTATIONS:

Electrical Apprentices are required to adhere to all safe practices mandated by the state, federal government, OSHA standards and Elite/BantamWesson policies. Depending on the current project, Electrical Apprentices may need to be flexible with regards to shift, overtime or weekend hours.

Electrical Apprentices are required to have the following the minimum tools: electrical hand tools, meter, and battery drill. Electricians will be working on site both residentially and commercially. For those reasons, it is expected to maintain a clean work area at all times.

ESSENTIAL FUNCTIONS

- Assist in the installation of wiring
- Assist in the troubleshooting of all electrical problems within residence or commercial buildings
- Assist with repair and replacement of all faulty equipment
- Repair or replace wiring, equipment, or fixtures using hand tools and power tools
- Must observe safe standards as applicable to OSHA, state and federal regulations
- Maintain safe standards of tools and cords
- Vehicle maintenance: cleanliness, routine maintenance
- Must exercise customer service skills with customers and contractors, consisting of explaining work performed, speak knowledgeably of how to resolve issues and exercise patience with the public
- Other duties as requested

WORKING CONDITIONS

Electrical Apprentices face exposure to electrical shock, burns and falls. Therefore it is strictly enforced the use of protective clothing and safety classes. There is a physical component in which electricians may be lifting, pushing, or pulling required of objects.

QUALIFICATIONS AND EDUCATION REQUIREMENTS

- Must be able to pass criminal back ground check
- Must be enrolled and observe all standards as set by the State of CT Department of Labor, The Apprenticeship Training
- High School diploma or equivalent
- Must obtain and maintain OSHA 10-hour certification
